

## Job Advertisement: Student Assistant Laboratory (m/f/d)

### Company Overview:

At elementarhy GmbH, we are on a mission to revolutionize the hydrogen economy and contribute to a zero-emission society. Our focus is on developing, building, and recycling customer-centric Membrane Electrode Assemblies (MEAs) with a significantly reduced use of critical raw materials and costs in a sustainable production.

**Our Vision:** Scaling the Hydrogen Economy to live in a Zero-Emission Society.

### Job Details:

- **Position:** Student Assistant (m/f/d)
- **Duration:** Initially limited to 9 months
- **Location:** Greifswald
- **Monthly Working Hours:** 40 hours
- **Compensation:** €450 based
- **Learn alongside the internship about fundamental electrochemistry and plasma based production methods**

### Key Responsibilities:

- Assist in laboratory organization
- Conduct routine laboratory tasks independently
- Support sample analysis
- Document work results digitally

### Qualifications:

- Currently pursuing a degree in a scientific discipline, or a strong interest in working in a physical-chemical research laboratory
- Experience in laboratory work desirable
- Proficient in German and/or English
- You value: pragmatism, responsibility, timing, focus, nature-bond
- Strong computer skills (Office, Origin, ...)

Join us at elementarhy and be part of a team that is driving innovation and sustainability in the hydrogen sector. If you're passionate about green technology and want to make a difference, we would love to hear from you!
